SUMMARY

Recent Master's graduate in Information Technology, seeking my first developer role starting November 2025. Adaptable and highly motivated, I fully commit to every project I take on. During my final-year internship, I successfully integrated into a new ecosystem and delivered a functional tool aligned with expectations. Passionate about front-end development, I'm eager to continue growing with modern frameworks and learn within a collaborative team.

EDUCATION

Master's in Internet Technologies   *Pau, FR*
Université de Pau et des Pays de l'Adour   *09/23 – 09/25*
Honours

Bachelor's in Computer Science   *Pau, FR*
Université de Pau et des Pays de l'Adour   *09/20 – 06/23*
Honours

Scientific Baccalaureate   *Oloron-Sainte-Marie, FR*
Lycée Jules Supervielle   *09/17 – 06/20*

PROJECTS

Personal Web Portfolio   *120h*
Developing a portfolio using React, Node.js, and PostgreSQL. Features include a contact form, project management via Prisma, and Vite integration. Responsive and accessible interface with polished UX/UI.

Shared Budget Management Website   *80h*
Designed a dynamic web application for managing shared budgets. Backend built with Node.js and Express.js, secured REST routes, Google OAuth authentication, PostgreSQL database, and Docker orchestration.

Deezer Blind Test Mobile App   *70h*
Developed an Android game using the Deezer API. Implemented multi-screen navigation, keyboard input handling, dynamic display, and local score storage. Built with Android Studio in Java.

WORK EXPERIENCE

Web Developer - Internship   *Castelnau-le-Lez, FR*
CGI FRANCE   *03/25 – 08/25*

- Created a dynamic directory using WordPress
- Implemented asynchronous data loading via REST API
- Developed and customized components
- Integrated code according to provided mockups
